NATIONAL SCLERODERMA FOUNDATION TRANSFER OF RESEARCH GRANT AWARD

In order to transfer a National Scleroderma Foundation Research Grant Award from one institution to another, the following must be submitted to the National Scleroderma Foundation Research Committee:

1. Letter of request from the awardee to the Research Department explaining the transfer (e-mail requests are acceptable)
2. Revised budget
3. Final accounting report from the former institution
4. A copy of the proposed supervisor/sponsor's *curriculum vitae* (for New Investigator Grants)
5. A letter from the proposed supervisor/chief or chair that acknowledges the transfer and agrees to the conditions of the award.

Please note: Non-U.S. citizens are not allowed to transfer their National Scleroderma Foundation research awards outside the U.S.

All forms must be received by the National Scleroderma Foundation Research Committee before approval will be granted, with the exception of below:

All Research Assurance Forms (i.e., IRB/IACUC) MUST be received within three (3) months of the grant award date. Failure to meet this requirement will result in withholding of funds and possible termination of the award.
